

## Estate Planning Series

We invite you to participate in our estate planning education program. This program is designed to provide useful information about preparing your estate, and making decisions about the people and values that are most important to you. This program is completely free, with no obligation on your part. It is one way for us to thank you for your friendship.

Please email us at [plannedgiving@poshusa.org](mailto:plannedgiving@poshusa.org) if you would like to participate in the estate planning program.

*We encourage you to use this education program as resource in your estate planning, whether or not you provide for the Priests of the Sacred Heart in your will.*
